LOCAL WALKING EXCURSIONS

At various times during your child's time at Selby Primary School he/she may be involved in a walking excursion in the local area to look at points of interest eg environment studies walk, or a walk to the Selby store. Rather than send home a note each time this form covers all "Local Walking Excursions" for your child's time at Selby Primary School.

PUBLICITY CONSENT

We are delighted that all classes at Selby Primary School now have a digital camera (with still and video camera capabilities) permanently allocated to their room. We are very grateful for all of the fantastic work that the Selby PS Parents and Friends Association (PFA) and community have done in raising money to purchase these items. This will provide many terrific learning opportunities for our students as well as provide additional opportunities to capture images and video of various events and celebrations that we haven't been able to do in the past. You may have noticed that we now have a new website and that this is in the process of being updated so that we can utilise it as a resource and a major form of communication.

We request that you sign the consent on the enrolment which would allow us to use your child's image (first name only) and work for a variety of different purposes. These include:

- In the newsletter
- At School Assemblies
- At PFA events
- On displays throughout the school
- On our website
- In local newspapers.

Typically, we will make contact with you whenever your child's first name and/or photo will appear in publications like the local newspaper as I'm sure you'll agree, these are times when a great deal of excitement is generated.

HEAD LICE INSPECTIONS

Throughout your child's schooling, the school will be arranging head lice inspections of students. The management of head lice infection works best when all children are involved in our screening program. The school is aware that this can be a sensitive issue and is committed to maintaining student confidentiality and avoiding stigmatisation.

The inspections of students will be conducted by a trained person approved by the Principal and School Council. Before any inspections are conducted the person conducting the inspections will explain to all students what is being done and why and it will be emphasised to students that the presence of head lice in their hair does not mean that their hair is less clean or well kept than anyone else's. It will also be pointed out that head lice can be itchy and annoying and if you know you have got them, you can do something about it. The person conducting the inspections will check through each student's hair to see if any lice or eggs are present.

Person's authorised by the Principal may also visually check your child's hair for the presence of head lice, when it is suspected that head lice may be present. They do not physically touch the child's head during a visual check.

In cases where head lice are found, the person inspecting the student will inform the student's teacher and the principal. The school will make appropriate contact with the parents/guardians/carers.

Please note that health regulations require that where a child has head lice, that child should not return to school until appropriate treatment has commenced. The school may request the completion of an 'action taken form', which requires parents/guardians/carers to nominate if and when the treatment has started.
